

## Amigo 7XC User Guide

### Contents

The Amigo 7XC is supplied with the correct power adapter for your local system. The package may also contain optional accessories shown below, depending on your service provider.

The Amigo 7XC is protected with a clear plastic film. This should be removed before use.

### Optional accessories

Remote control and batteries

## Overview of the Amigo 7XC

1. Power/Activity LED and IR receiver.

1. RF antenna or cable input.
2. Analogue A/V output (adapter cable available).
3. HDMI port.
4. Ethernet port.
5. DC power input 5V 2A.
6. 2X USB port. **DO NOT** use this port for Powered USB. Use for external storage media such as USB flash drive (external storage media must be formatted as FAT32). You can also update software and program lists using this connection.

## 1. Connecting the Amigo 7XC to a TV

**Warning!** Before connecting or disconnecting any cable, switch off all system devices (TV, A/V Amplifier, etc.) and disconnect from the main electrical supply.

The Amigo 7XC provides options for connecting audio and video to your TV:

**HDMI (recommended):** Best quality. Connect an HDMI cable to the HDMI output of the Amigo 7XC and to the HDMI input of your TV.

**Analog A/V:** Good quality. SD only composite with analog audio left/right.

Connecting your television directly to the audio/video output of your Set Top Box will assure a more vivid picture and enhance your viewing enjoyment.

### Connecting via Wi-Fi

Internal dual band Wi-Fi is a feature for the Amigo 7XC. Please contact your service provider for detailed instructions about the wireless network configuration.

## 2. Connecting the Amigo 7XC to an A/V receiver

Connect an HDMI cable to the HDMI output of the Amigo 7XC and to the HDMI input of your A/V receiver or home cinema system.

## 3. Connecting the Amigo 7XC to the power supply

**Warning!** The Amigo 7XC must only be used with the supplied power adapter.

Connect the power adapter to the power input of the Amigo 7XC, then connect the power adapter to the mains supply. The power adapter provided will be specific to your region. Ensure you have the correct power adapter for your region. If you are unsure, contact your service provider.

## Important - Safety instructions

Read these instructions carefully and keep for future reference. Note all warnings.

The product contains no user-serviceable parts. Refer all servicing to qualified service personnel.

Handle the product with care and do not attempt to dismantle the product.

Do not expose the product or its accessories to any liquids, rain or moisture.

Do not locate the product near a heat source and do not block ventilation holes: the product will become warm during operation. Allow at least 10 cm (4") around the product for air circulation.

Do not place the product where it may be subject to physical shock, vibration or where the product may fall over.

Do not place the product on soft furnishings or carpets.

Only use the power supply provided by the manufacturer. The use of any other type of power supply may invalidate any approval or warranty applying to the product and may be dangerous. If the power supply does not match your local system, contact your product supplier.

Protect the power supply cord from damage.

Before disconnecting the device from the power supply cord, first remove the power cord from the main outlet.

Disconnect the product from the mains supply if left unused for long periods of time or during electrical storms.

Disconnect the product before cleaning, and use a dry cloth only.

Only use attachments and accessories specified by the manufacturer.

The product is for indoor use only.
